The smile of God may be seen in baptism. When children smile, families are happy.

*Your Child's Baptism* explains clearly what infant baptism is for those contemplating baptising their child and addresses concerns that families may have at such a time.

Excerpts from the Baptism service in *A Prayer Book for Australia* make this publication particularly useful in a local Anglican context.

This edition has been commissioned by Broughton Publishing for the Anglican Church of Australia. Special thanks to contributors and primary consultant, The Rev'd Ron Dowling, member of the Liturgy Commission of the Anglican Church of Australia.
